

Patient information on the option of a situational (case-specific) opt-out from ELGA

PatientInnen-Information über die Möglichkeit eines ELGA-Widerspruches im Anlassfall (= Situatives Opt-Out)

Dear Patient,

The hospitals of **tirol kliniken** are linked to the electronic health record system called ELGA. When patients leave the hospital, their discharge letters, laboratory results, radiology results, medication data and other findings are stored in the ELGA system and, consequently, are at the disposal of other doctors involved in follow-up treatment.

You, the patient, have the right to prevent ELGA-relevant data, that pertains to **your current treatment**, from being recorded in the system (= case-specific/situational opt-out).

You can choose to opt out for the following periods of time:

- for the duration of this in-patient hospital stay / day-hospital stay
- for 24 hours
- for 30 days
- for 90 days
- for 365 days

If you choose to opt out, no data related to your treatment during the period you have stipulated will be stored in the ELGA system. This applies to **all treatments in all departments in this hospital**. NB: Once you have opted out, your data cannot be subsequently stored in the ELGA system.

By law, we must, in particular, call explicit attention to this right of objection in the case that you are being treated for an **HIV infection** or a **mental illness**, or if a **genetic examination** or a **pregnancy termination** is being carried out.

If you wish to exercise your right to opt out, then we kindly request that you inform a member of staff at the admissions desk, in the relevant out-patient department or on your ward. You can exercise your right to opt out regardless of whether you are an in-patient, a day-care patient or an out-patient.

NB: If you choose for your data NOT to be saved, it is possible that important health-related information may be missing from your electronic health records (ELGA). This, in turn, may have an effect on the quality of further treatment(s) you might require. Further information is available from the following bodies:

Situational/ case-specific opt-out from ELGA

ELGA-Widerspruch im Anlassfall (= Situatives Opt-Out)

I, _____, born on _____ have carefully read and understood the aforementioned patient information on the option of a situational/case-specific opt-out from ELGA.

- I hereby exercise my right to opt out from ELGA for a specific time period as stipulated below.**

I do not want any ELGA-relevant information from my medical history to be entered into my electronic health records (ELGA).

I am fully aware that, in doing so, important health-related data may be missing from my electronic health records and that this, in turn, may have an effect on the quality of further treatment(s) I might require.

I choose to opt out for the following period of time:

- for the duration of this in-patient hospital stay / day-hospital stay
- for 24 hours
- for 30 days
- for 90 days
- for 365 days

- I hereby waive my right to a situational/case-specific opt-out.**

I wish for ELGA-relevant medical reports and results to be recorded in my electronic health files (ELGA).
